## SUMMARY

I've been doing voice work for 8 years and I work to make projects exceed the clients expectations. Phone on hold programs, narration, training videos, and commercials are the majority of my work but I like to try new things as well.

My voice has been described by many, as warm, friendly, professional, and easy to listen to. My voice, is well suited for long form narrations, Audiobooks, and Documentary style reads and the range of my Character Voices makes them suitable for cartoons.

## EXPERIENCE

### Voice Artist

Mount Horeb — 2005-Present
