20 years of experience and knowledge resulting prestigious customers  
A reference for your communications...

### ABOUT ME

With my 20 years of experience, I have one of the most versatile voice, matching with tens of different styles and projects. I am able to interpreter a wide range of characters, voices and accents: captivating narrations for documentaries, believable and convincing ones for educational, training and business projects, straight ones for medical or E-Learning, amazing monsters or elders or elf or soldiers for video games, bright, cheerful and inspired for TV/ Radio commercials, and movie trailers, promos, on Hold, IVR, phone systems, narrations...

**ISDN** connexion is compatible with almost all codec on the market included **APTx**.

**NEW** : Thanks to Synchronos, I can make dubbing recordings or record full synchronized videos!
