Testimonials From Clients & Audio Engineers:

"Thanks Jodi. I appreciate all you put into your craft. Everything from the mic, mic preamp, recording space, consistent levels, editing, etc. that goes into your finished product is solid and professional. Those not directly involved in production have no clue what goes into something sounding good. I've worked with really talented radio voice talent whose home recording setup was pitiful. e.g. cheap mic going into a cheap mixer, running into the cheap PC unbalanced mic input.... Anyway.... just thought I'd say thanks for all you do for Sound Advice."

- Kevan Forest, *Audio Editor & Engineer: Sound Advice, Orange Power Studios, OKC Thunder & Freelance A1*

"First there's Jodi's voice talent. Incredible. Then there's her ability to turn projects on a dime. Sweet. Add in hassle-free sessions in the very rare event that a client wants something re worked (almost never). Tasty. Plus, she has a groovy online invoice system that's easy as...well, cake. Yummy. Oh, and she's just a lot of fun to work with. Put it all together and Jodi lives up to and exceeds her tagline. Voice work with her really is a piece of cake. And that's why we keep coming back for more."

- Monte Bowden, *Creative Director & Producer, Amperage Marketing*

"Highly recommend using Jodi Krangle for VO work. She knocked it out of the park with ease and speed, and was a joy to work with. Total pro."

- David Stanfield, *Designer/Animator, David Stanfield Studio*

"We call on Jodi multiple times a week to record promotional TV and radio spots. Our clients often have last minute submissions with extremely tight deadlines. Her turnaround time is unmatched. During sessions, her energy and delivery are flawless. We've developed a wonderful rapport over the last 2 years. She's truly an invaluable asset."

- Lauren Hallum, *Production Coordinator, VIA Productions*

"I have worked with Jodi several times and have been so happy with the results. Her voice is just so perfect for so many applications. She's also very professional and well organized, which means she's always on-time (or early!) and communicates well. I'd recommend giving Jodi a try for any voice talent needs you have - she's a gem!"

- Lora Matzner, *Account Manager, Vivayic*

"Jodi went beyond what we expected, delivering us an excellent quality recording with several different styles of readings. The final version lent our documentary a rich, warm narration that ties it together perfectly and brings just the voice quality we needed. It was a pleasure collaborating with Jodi, and we're looking forward to the next opportunity to use her vocal talents again!"

- Maureen Marovitch, *Creative Director, Picture This Productions*
